You Must Sleep.

If you cannot, it is due to an irritated or congested state of the brain, which will soon develop into nervous prostration.

Nature demands sleep, and it is as important as food; it is a part of her building and sustaining process. This period of unconsciousness relaxes the mental and physical strain, and allows nature to restore exhausted vitality.

Dr. Miles' Nervine brings refreshing sleep, because it soothes the irritation and removes the congestion.

It is also a nerve builder; it nourishes and strengthens every nerve in your body, and creates energy in all the organs.

Nothing will give strength and vitality as surely and quickly as Dr. Miles' Nervine.

"During the past winter I had two attacks of LaGrippe which left me very weak, and in bad condition. I was so nervous I could not sleep. My wife, after trying different remedies, went for a doctor. The doctor was out, and a neighbor recommended Dr. Miles' Nervine, and she brought home a bottle. I had not slept for some time, and had terrible pains in my head. After taking a few doses of Nervine the pain was not so severe, and I slept. I am now taking the second bottle, and am very much improved."

HENRY M. SMITH, Underhill, Vt.
Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.
Miles Medical Co., Elkhart, Ind

Paul Jones for a man long dead is very much in the public eye just now, but of all that is being written about him, nothing is more interesting and striking than his biography by Alfred Henry Lewis, of which the first instalment appears in the August COSMOPOLITAN. This account of the great admiral will be one of the important magazine contributions of the present year.

Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at all druggists; price 50c.

Uncle Caleb Nickell Feeble.

Caleb Nickell, who lives on the Nickell fork of Grassy, who is about 80 years of age, maybe a little the rise, has been suffering from dropsy for some months past. While not confined to his bed, he is unable to do more than get about the house, and he lives alone. His children have proposed to move in and take care of him, but he won't have it, nor will he live with them.

The case against Nelson Bishop for killing young Whittaker was begun Tuesday in the same court and ere this paper reaches its patrons a verdict may have been reached. It is generally believed he will come clear.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer \$100 for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & Co., Toledo, Ohio.

George Wilson, whose return here on a visit after an absence of several years was mentioned a few weeks since in our paper left for his home at Chandler, Oklahoma, Wednesday of last week. But before going he handed Sam Kash a dollar and requested him to have THE HERALD and Courier-Journal sent to him the ensuing year. As a large number of Kentuckians are located at the same place we hope they will emulate his example and have pleasure and profit thereby.

JUDGE COCHRAN last week rendered his decision in the case of Caleb Powers, in which he says he may be tried in the Federal Court, but meantime the State has right of appeal to the Supreme Court of the United States. Judge Cochran ordered Powers transferred to the Newport jail, and both Attorney General Hays and Prosecuting Attorney Franklin have avowed that the State will not interfere with Judge Cochran's decision. Powers was turned over to U. S. Marshal Stephen G. Sharp at Georgetown Monday, and by him conducted to Newport. The decision of Judge Cochran, as far as we may judge by the tone of the State press, has the approval of the people generally regardless of party prejudice. Very many have doubted that the prisoner, Powers, had guilty knowledge of the murder of Goebel, and they believe the coming trial will establish that fact.

EVERY effort is being exerted to make the State Fair at Lexington the grandest success ever attained by any similar institution in this or any other State, and if print-

ers' ink avails that success will be pronounced. Following the lead of the Earner and Breeder, with Jonett Shouse as the presiding genius, which makes it a leading feature, nearly every paper in the State is giving freely of its space to advertise the State Fair. All the conditions are favorable to a grand exhibition. The location is ideal, all the railroads will give reduced rates, and every county in the State will exhibit some kind of product. Many of our mountain counties cannot display agricultural, horticultural or horticultural products, perhaps, with any prospect of capturing a prize. But in coal, iron ore, timber, canal and bituminous coals, building rock and sand, petroleum and lubricating oils, with possibly silver and lead ores, and maybe mica, the mountains are likely to bring home some very rich prizes. The premiums will aggregate a vast sum, and individually many of them will be of such value as to cause exhibitors in every department to do their utmost. From time to time we shall note the progress of the project, but parenthetically we would suggest that as Lexington is to benefit largely her business men should subscribe to a fund to properly advertise the fair, and distribute it among their "country cousins" of the press as an incentive to greater effort. If money makes the mare go, surely it would make the fair go!

STATE COLLEGE OF KENTUCKY,

LEXINGTON, KENTUCKY.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz.: Agricultural, horticultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, electrical engineering, civil engineering, mining engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly fifty professors and instructors.

County appointees receive tuition, room rent in dormitories, fuel and light, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a college home for young women, and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation was 750.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing in any proper sense university work.

The completion of the college home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the State offers advantages for education of women at all comparable to those offered by the State College of Kentucky.

THE GRUNNEWALD,
NEW ORLEANS, LA., July 7.
Spencer Cooper, Hazel Green, Ky.
Dear Sir and Friend: Please send me four or five copies of THE HERALD for this week. We stopped over one day at Chattanooga, Tenn., and visited the famous Lookout Mountain, the National Cemetery and Chickamauga battle ground; all very interesting places, indeed.

We are now seeing the best sights of the Crescent City. The "little lady" who so graciously accompanied me from your city seems to be enjoying the varied scenes immensely, and is in perfect health. The natural result of having a doctor ever present, I tell her.

Trusting everything is moving along nicely at Hazel Green, and with best regards to the lady to yourself and the seven-eighths, I am,
Your friend,

Mother and Child in School.

On Sunday Dr. Nickell was called to the residence of Rev. John W. Burcham, on Gillmore, and officiated at the birth of the 12th child born to Mr. Burcham and wife, which was a boy. In connection with the event, Dr. Nickell tells the following history of the married life of this couple. On the 29th inst. they will have been married 15 years. She was 13 years of age when married, and they have been blessed with twins twice during the time. The 12 children born to them were seven girls and five boys, and at one time his wife and one of the children were within the school age at the same time, although the child was not the oldest born. Who ever heard of a parallel case?

August Delineator.

Those who have found the Summer vacation problem a difficult one, from the standpoint of economy, will find some practical suggestions in the chapter on "Co-operative Housekeeping at the Seashore," by Isabel Gordon Curtis, in the August Delineator. The matter is gone into in detail, and facts and figures demonstrate the advantages of the scheme. Other features of the magazine, which appeal particularly during the hot weather, are "Cold Tit-Bits for Hot Days," pictured and described and a variety of seasonable recipes in cookery under the titles, "A Dozen Fresh Fruit Pies," "Tartlets," and "Iced Deliciousness." Summer fashions and reading complete the number, which is unusually interesting and attractive.

Accidentally Killed.

A telegram came Tuesday morning stating that Luther Day is dead. He and a young fellow named Bales were out buggy riding Sunday afternoon when they pulled their pistols, practicing to see which could pull their pistols the quickest in case of necessity, and Bales's pistol was discharged, the ball passing through Luther Day's bowels from which he died Monday night. His death makes three that have been accidentally shot within a week. Hi Centers and a woman being the other two.

Dr. Center reports the following births: To the wife of George Brooks, Stamper Branch, July 4th, a girl; To wife of Bill Helton, of Grassy, July 5th, a girl; To wife of Robert Little, of Lacy Creek, a boy; To wife of Cal Cundiff, of Laurel, Sunday July 9th, a girl.

Presiding Elder Mann, while holding service at Ezel Sunday night received a telegram telling him that his brother, Allie Mann, was dying at Salt Lick. He went through here Monday morning to take the train at Helechawa, and hasten to his brother's bedside.

Jake Teets, wife and two children and his mother are visiting John Davis and family. Jake has lost his eye-sight and been blind for three years past. Their show is at Waycross, Ga., side-tracked for repairs to cars, &c. But Charley Ogden, a brother-in-law, is running a wagon show in Alabama.

Miss Mollie Haney, who was visiting her sister Mrs. Nannie Clark, two or three weeks, left on Thursday for Lexington to resume her duties as trained nurse. She intended to stay longer but there were so many in St. Joseph's Hospital that they could not let her off longer.

Mrs. Ellen Pieratt has taken great interest in having the cemetery cleaned up, and is now having the fence whitewashed. But she needs money to help defray the expenses, and those of our citizens who have not paid anything toward this work should contribute to the fund to pay for whitewashing, and do it at once.

We have not learned the assignment of many of the teachers, but James Drake will teach the Pine Hill School, near Zachariah, or close to the Lee line, for the fourth successive term. This is certainly flattering to Mr. Drake as a teacher, showing as it does that he is entirely satisfactory.

freely and frankly, in strictest confidence, telling us all your symptoms and troubles. We will send free advice (in plain sealed envelope), how to cure them. Address: Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

"YOU ARE FRIENDS

CAMPTON CURRENCY.

A. B. Cox and wife have just returned from a visit to relatives at Boxer.

J. B. Hollon, of Hazel Green, was here several days the past week on business.

Dr. B. D. Cox is on the sick list. His son John, a young practitioner, is attending his patients.

Rev. R. M. Lee preached at the Methodist Church Sunday night to a large and well behaved audience.

Will Kash, of Ezel, representing Trimble Grocery Co., Mt. Sterling, was calling on our merchants the past week.

A. H. Stamper is erecting a handsome residence on College street, which is the most desirable street for residences in town.

G. W. Robinson and Tom Davis of Winchester, were here several days the past week. Mr. Davis will probably go into business here.

The A. T. Combs oil well is said to be a good one. Several more will be drilled at once, in the same vicinity, on Hiram's Branch.

The big hotel is nearing completion. It has 52 rooms, is a three story building and when completed will be quite an addition to Campton.

There will be quarterly meeting at Elkins Chapel, on Holly creek, seven miles from Campton, next Sunday. Conducted by Presiding Elder Mann. Let all come who can.

The attention of Judge Howe is called to the road leading from Campton to Bethel. In many places it is dangerous. But we will never have good roads unless they are made by taxation.

We want to compliment W. B. Duff, town attorney, and C. C. Fuls, county attorney, for the fearless and bold stand they have taken against the sale of whiskey. Every whiskey seller ought to be fined to the extent of the law, one hundred dollars for each offense.

The Diamond Cure.

The latest news from Paris, is, that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you take that great remedy mentioned by W. T. McGee, of Van-leer, Tenn. "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds which gave instant relief and effected a permanent cure." Unequaled quick cure for Throat and Lung Troubles. At all druggists; price 50c and \$1.00 guaranteed. Trial bottle free.

TOLIVER TOPICS.

Success to THE HERALD.

Buen McNabb made a business trip to Campton last Tuesday.

R. A. Day, of Maytown, was in

our vicinity last Monday on business.

George Kenney, of Frenchburg, passed through here last Friday with his daughter, who lives at Cannel City. She is very low with consumption.

We have two Sunday Schools at this place and each is progressing fairly well. But here, as I suppose everywhere else, there are a number who do not attend Sunday school, that could attend and make the school much better.

The wet weather continues. The farmers here can scarcely find a day that the ground is dry enough to plow. But by some means they have managed to keep their corn clear of weeds and grass. The corn looks well except in low land where it almost drowned out.

July 11, HAPPY JIM.

Forced to Starve.

B. F. Leek, of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At all druggists. Only 25c.

The New Idea Woman's Magazine, for August, says that one of Chicago's biggest department stores has as the buyer of its jewelry a woman who started in as messenger girl 12 years ago. Her parents were the poorest Russian immigrants. She was kept in school only until she was old enough to work, but with her industry and intelligence she has risen rapidly step by step until she now draws \$5,000 a year salary, and makes nearly as much more in commissions.
